

# Developmental Medicine and Child Neurology

## Volume 16 1974

### INDEX

*Authors and subjects of articles in the body of the Journal are indexed together. Abstracts are included in the general index and listed both under subjects and authors, with '(abstr.)' at the end of the title. Letters to the Editor are indicated by the symbol '(L)'.*

KEY TO ISSUES AND PAGES			
Issue	Pages	Issue	Pages
No. 1	1-134	No. 4	419-564
No. 2	135-276	No. 5	565-706
No. 3	277-418	No. 6	707-852

**ABLIN, R. J.:** IgA, Down's syndrome and shigellosis, 686(L)  
 Adolescents, spasticity in, rôle of H-reflex, 150  
 Adoption, effects of, compared with restoration to natural mother, and continued institutionalization, on cognitive development of 4-year-old children (abstr.), 704  
 Adrenal gland, hypoplasia, 838(L)  
 Adult, the, with cerebral palsy, 707  
 Age and body size of retarded girls at menarche, 209  
**ALEXANDER, R.** See **JONES, B.**, 40  
 Alpha-fetoprotein and prenatal diagnosis of neural tube defects, 369  
 American Academy for Cerebral Palsy  
 Annual Meeting, Washington, 1973  
 abstract of papers presented, 247  
 Presidential Address, 242  
**ANDERSON, J. M., BROWN, J. K. and COCKBURN, F.:**  
 On the rôle of disseminated intravascular coagulation in the pathology of birth asphyxia, 581  
 Anencephaly, endocrine studies in (abstr.), 273  
 Anesthesia, general, obstetrical, relationship to rate of neonatal habituation to repeated stimulation, 612  
 Aneurysm, saccular, of the brain blood vessels in fetus and newborn infant (abstr.), 852  
**ANGELI, E., DENMAN, A. R., HARRIS, R. F., KIRMAN, B. H. and STERN, J.:** Maternal phenylketonuria: a family with seven mentally retarded siblings, 800  
 Angioma, intradural spinal, in children, neuro-radiological diagnosis, 81

#### ANNOTATIONS

Alpha-fetoprotein and the prenatal diagnosis of neural tube defects, 369  
 Anticonvulsants and calcium metabolism, 214  
 Benign infantile spinal muscular atrophy, 672  
 Collagen defects in genetic disorders of connective tissue, 531  
 Cultured skin fibroblasts in disorders of glycoprotein catabolism and I-cell disease, 376  
 Effects of prolonged cerebrospinal fluid shunting on developing skull and brain, 219  
 Enzyme defects of glycosaminoglycan degradation in mucopolysaccharidoses, 534  
 Eye, the, and learning disability, 95  
 Family Fund, the, 679  
 Feeding difficulty in infantile myotonic dystrophy, 824  
 Hearing loss after *H. influenzae* meningitis, 678  
 Human brain growth spurt, 677  
 Intrauterine transfusion, 528  
 Long-term development of children delivered by vacuum extraction, the, 378  
 Mechanisms of cerebrospinal fluid absorption, 85  
 Menkes' kinky-hair (steely hair) syndrome, 827  
 Mental handicap and sudden infantile hemiplegia, 545  
 Neurological sequelae of non-accidental injury, 826  
 Neuro-radiological diagnosis of intradural spinal angiomas in children, 81  
 Pertussis vaccination, 539  
 Rectal biopsy in the diagnosis of pediatric neurological disorders, 830

# INDEX

- Rôle of insulin and growth hormone in fetal growth, the, 371  
 Safety of using sonar, 90  
 Seizures in newborn infants, 92  
 Self-injury in children, 88  
 Sensori-motor stimulation for the young handicapped child, 546  
 Significance of life events, 218  
 Single umbilical artery, 79  
 Some child development research in the third world, 224  
 Speculations on non-accidental injury as cause of chronic brain disorder, 216  
 Spondylolisthesis: acquired, congenital or developmental, 680  
 Sulthiame and behaviour, 821  
 Teratogenicity of epilepsy, the, 375  
 Underdevelopment of the pituitary, 222  
 Very ill children, 675
